# Rete reumatologica piemontese, si lavora per la sua attivazione per rendere i Pdta delle malattie reumatiche più appropriati ed efficaci

redazione Jun 22, 2022 - 16:05

(Adnkronos) - Torino, 22 giugno 2022 -Le malattie reumatiche costituiscono la seconda causa più frequente di disabilità dopo le malattie cardiovascolari. Purtroppo la pandemia da Covid-19 ha parzialmente interrotto la crescita virtuosa che ha interessato la Reumatologia fino a questo momento (nuove cure offerte, migliore presa in carico e gestione dei pazienti da parte degli specialisti coinvolti) con l'aumento delle liste d'attesa, il peggioramento dell'aderenza e della continuità terapeutica, la difficoltà ad accedere allo specialista sia per quel che riguarda il reumatologo sia per quanto riguarda la presa in
